TO: Minerals File

FROM: Doug Jensen, Senior Reclamation Engineer 

SUBJECT: Site Inspection, Feller Holding Company, Landscape Rock/Gravel Project, S/053/052, Washington County, Utah

Date of Inspection: March 23, 2004
Time of Inspection: 3:00 p.m.
Conditions: Warm, Humid
Participants: Doug Jensen, DOGM

Purpose of Inspection:

Permit holder had requested that this file be closed because work at the site had never been initiated.

Getting to the site:

The site lies ~2 miles southwest of Utah summit

Observations:

There is no disturbance at the site. The BLM closed this site in 1998, but because the fee had been paid for that year the permit was left open.

Conclusions and Recommendations:

The operator has requested that this file be closed. Because the site has not been disturbed, I recommend that this permit be closed as requested.
